

Great things ahead.

Built in 1900, the Congress Hall has been magnificently restored, giving the meetings industry a state-of-the-art convention centre in a highly historic setting. Given the building's unique blend of old and new architecture, its proximity to the zoo and location in the heart of Leipzig, every convention is bound to be an unforgettable experience.

For more information, visit us at the Germany booth (F50-17) at EIBTM Barcelona from November 18–20, 2014.
